7,52 €

15.08 x 11.16 x 3.49
mm buzzer speaker
generic

0,92 €

Step 1 - SIM tray

With a SIM removal tool we remove the SIM tray.

Step 2 - Back case

We introduce an opening tool between the rear housing and the central housing. We replace it with a plastic opening tool so as not to scratch the back cover. We will do all the contour by unhooking the back cover until it is completely removed.

Step 3 - Speaker

Unscrew the Phillips screws (PH # 00) and remove them. We take off the speaker and take it off.
