## Step 2 - Back cover

Remove the back cover with the plastic opening tool, this will avoid scratching the equipment.

### Step 3 - Battery

Remove the battery by pulling on the bottom.

## Step 4

Remove the SIM and SD cards.

## Step 5 - Intermediate housing

Remove the 11 Phillips screws that hold the middle housing.

## Step 6

Separate the intermediate housing by prying it gently with the opening tool all around. You will hear several "clicks" as they are released.

## Step 7 - Rear button flex

Remove the plastic holder and the rear keys.

## Step 8

Peel off the flex contacts on the inside of the housing to finally extract the flex with the buttons.
