1,25 €

15.44 x 8.01 x 2.47
mm generic earpiece
speaker

0,66 €

Step 1 - Remove back casing

To remove the back shell, we simply introduce a prong between it and the frame to release the notches that hold it.

Step 2 - Remove battery

Remove the battery and the twelve Philips screws (PH # 00) that hold the housing.

Step 3 - Remove intermediate housing

Unfasten the intermediate housing with the help of an opening tool.

Step 4 - Speaker

Take off and remove the speaker from the intermediate housing.
