2,19 €

Terminal opening  
tool, plastic

0,71 €

Auxiliary plate with  
connector Micro USB  
for Xiaomi Redmi  
Note 5A

2,54 €

### Step 1 - Tray

First of all we will have to remove the tray from the cards.

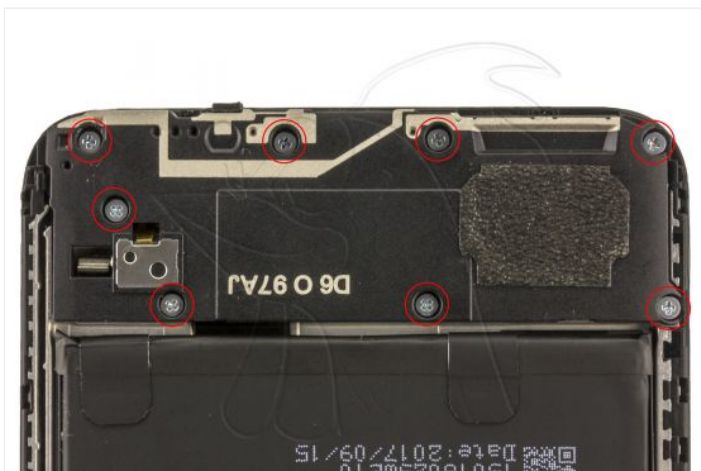

## Step 2 - Back case

With the help of a plastic opening tool, we uncouple all edges of the back shell.

## Step 3 - Antenna module with loudspeaker

Remove the eight Phillips screws (PH # 00) and with the help of a plastic tool remove the antenna module with loudspeaker.

#### Step 4 - Auxiliary plate

We disconnect the coaxial cable, the interconnection flex and the digitizer, and we can take off the auxiliary plate that we are going to change.
